

DINING

THE LOUNGE | *The edgy meeting point where everything happens.*
The Lounge area is your all-day destination. Its Café-Bar is where the modern nomad can hang out and socialize while staying connected. It's a homely space to grab & go, or sit & chill. Indulge in our signature coffee and other Swiss chocolate drinks, homemade cakes and selected treats.

ALPHORN | *A roller-coaster of flavors.*
Open from breakfast to dinner, Alphorn is a relaxed restaurant with a casual and contemporary atmosphere. Indulge in a menu experience which offers extensive International cuisine. Quality, tastiness and good company — food does a good job at bringing people together. Sit down, chit-chat and get a taste of the authentic Swiss grills and oven-made cheesy pizzas.

ALLEGRA | Cheers!

Raise a glass to life in a lively atmosphere and groovy tunes. Catching up on live sports or hanging out with your friends, Allegra is the place to be. By yourself or with some friends, savor delicious European treats, finger foods and platters to share. One thing is certain, we always guarantee a great time, day and night.

SHISHA LOUNGE | A Hidden Heaven.

Try some of the traditional shisha flavors and spend a couple of hours in a cozy & idyllic setting — a true hidden heaven for a quick escape. As an extension of the Bar, the same drinks and snacks will be available.

PRIVATE DINING | Resist Everything Except Temptation.

Sit back, order-in and enjoy an intimate meal in your private living space. In-room dining offers a delicious menu 24-hours a day which is ideal for time-zone-hopping nomads, breakfast-in-bed lovers, impromptu meetings or for quiet, private dining.

PLEASURE

FITNESS CENTRE | *Get moving!*
Located on the 4th floor, the fitness centre offers state-of-the-art equipment that allows travellers to maintain their fitness regime while away from home.

SWIMMING POOL | *Fresher up!*
The outdoor swimming pool is located at the 3rd floor and surrounded by lush greenery landscape. Order a refreshing drink and freshly prepared snacks from the bar without ever leaving your chaise lounge.

STAY CONNECTED | *Plug & Play.*
Take advantage of our elegantly designed and interconnected private venues. Catch up on work, get organized or brainstorm in a creative space with incredibly fast Wi-Fi. Workstations with functional devices are available 24/7 in the lobby.

THE BRAND

Revier Mountain Lodge, Lenzerheide

The Revier Lenzerheide opened in December 2017 and was the first new generation hotel in the Alps — a ski station in winter and a bike destination in summer. The hotel promises an innovative concept and a unique location directly on the Rothornbahn gondola as well as on Lake Heidsee. All 96 rooms feature an over-dimensional sized bed right at the window front to enjoy unlimited views of the beautiful lake and Lenzerheide's mountain panorama. The hotel offers a chill-out bar with live DJs, spacious restaurant with Jospo Grill, terrace, bike and ski room.

Revier Adelboden

Newly opened in 2020, the second property in Adelboden was launched — another renowned resort located in a beautiful mountain zone in Switzerland, all based on the same concepts: simple rooms, stunning views and a varied, delicious menu. You can expect 86 rooms with a view of the fascinating mountain realm, a trendy Revier bar, casual dining with open kitchen and seminar facilities round off the offer. Chic interior design, live music and great food are promised. The concept places particular emphasis on new ideas and brings the Sunset Celebration to the Bernese Oberland.

More to come

The time will come to eventually launch the first “city” hotel in Schaffhausen, a very traditional and historic town in the north of Switzerland that will offer a unique spectacle and views of the famous “Rheinfall”. The first property based abroad — besides Dubai — will be in the ski region of Montafon in Austria. Overall, REVIER can be condensed in a few essential aspects — a young and dynamic symbiosis that merges classic accommodation and optimised working processes with a real and honest design. Everything is practical, simple, comfortable and sustainable.
